THE SWORD INTERVAL

Q&A#3

It's been a weird week. I had some stuff to take care of and am exhausted. Luckily, some people were kind enough to contribute questions for another Q&A, as well as some killer fan art.

Seeya with a full episode next week

For **Fall**

Have you done any bench presses since finding out you have super strength, and if so how much could you bench?

HUP!
Fall stop it.
Fall I have important work to do.

For **Marco**
Any music recommendations?

Hard to narrow it down. If I had to recommend only a *few* bands you *got* to check out I'd say...
Underground Corpse Pile, Plastic Missile, Chaos Carcass, Lich Burger, Internal Decapitation, Hand Fist Explosion...

Cosmic Undying Fire In Bird Form, Rusty Party Bus, The Fire Lords of Agnir, Sexy People Doing It, Pit of Chords...

The Homicide Machine, Ebon Spire, Burning Avalon, Alien Math, Complicated Meat, Whimsical Riot, Pissed Off And Clueless, The Heart Eaters...

For **Fall**

Which would you rather fight:
one horse-sized duck, or 100 duck-sized horses?

I don't even care.
Bring it on.

I'm so friggin' angry.
